MONO 10BB Half-Cut Module PERC Module Product warranty on materials and workmanship Linear power  
output warranty years years Half-Cut technique leads to increased power output Compared with the whole  
cell, the current of half cell is halved, the heat loss is reduced, the hot spot temperature is reduced, and the  
power can be effectively increased.

Newsolar Energy Co., Ltd. Solar Cells Series M10 182 mono PERC Bifacial 10BB Solar Cell. Detailed profile
