

# Energy storage cqc certification

What is China Quality Certification Centre (CQC) for grid-connected energy storage inverters?

China Quality Certification Centre (referred to as CQC in English) has developed and introduced the certification service for grid-connected energy storage inverters. The specific details are as follows: Product Name: Grid-Connected Energy Storage Inverter Service Category Number: 024028

What is China Quality Certification Centre (CQC)?

Public Time:2024-06-26 Origin:CHINA QUALITY CERTIFICATION CENTRE CO.,LTD. To all concerned enterprises, China Quality Certification Centre (referred to as CQC in English) has developed and introduced the certification service for grid-connected energy storage inverters. The specific details are as follows:

What services does CQC provide?

CQC provides certification services and relevant technical services in a range of fields, i.e. safety and performance, energy-saving, environment-friendly, green and low-carbon development, management improvement, international certification and trainings.

Why should you choose CQC?

Verification results are adopted by governments, accepted by buyers and recognized by the society. CQC has always actively responded to government's initiatives and policy guidance and paid close attention to quality improvement and industrial development trend to provide custom solutions to implementation of all kinds of policies.

CQC provides certification services and relevant technical services in a range of fields, i.e. safety and performance, energy-saving, environment-friendly, green and low-carbon development, management improvement, international certification and trainings.

CQC Mark Certification; The CQC Mark Certification is a voluntary product certification conducted by CQC. Currently, CQC offers CQC Mark Certification for pure electric passenger vehicles, plug-in hybrid electric passenger vehicles, and passenger vehicles (M1-class vehicles fueled by traditional energy sources such as gasoline or diesel).

Advantages of CQC. CQC, as the first certification body approved by CNCA to be qualified for HACCP certification, issued China's first HACCP certification certificate in 2001; as a leading certification body in the field of national food safety certification, CQC has actively participated in the formulation of China's HACCP standards.

Nov 3,2022 Comments Off on CQC Energy Storage Product Certification By ccicfrance@outlook . As a globally renowned third-party certification body, CQC has been contributing to the development of new energy industry and power development, and have established a sophisticated whole-industry-chain,
