

# Fixed Trapezoidal Metal Roof Mounting System Kinsend Metal

The metal roof mounting system is suitable for roofing with corrugated sheet metal, trapezoidal metal sheet. L Feet . Tin roof solution, is available for almost all type of tin roof. Product designed with high strength which can resist max wind speed at 60m/s.

Kensend's lengthened type L foot hook is widely used in PV systems in Korea and Europe for trapezoidal metal tin roof PV mounting systems. Aluminum Solar Carport\_N Type Fast Installation Solar Carport Racking, The N-shaped structure is more streamlined, reducing the cost of the entire carport system and reducing obstruction to vehicles.

The adjustable solar rooftop mounting system easily fits rooftop due to its variable tilt angle and footing options could be fixed or adjustable tilt, meeting project specific adjustments to optimize the solar output. This innovated design eliminate the need of on-site cutting, welding, features low cost and quick install.

The metal roof mounting system is suitable for roofing with corrugated sheet metal, trapezoidal metal sheet. L Feet . Tin roof solution, is available for almost all type of tin roof. Product designed with high strength which can resist max wind speed at 60m/s.

The metal rooftop triangle bracket mounting system is a type of mounting system designed for metal roof. It uses triangular-shaped brackets that are attached to the metal roof using screws or other fasteners. The solar panels are then attached to the brackets, providing a secure and stable foundation for the solar panels.

Kensend's lengthened type L foot hook is widely used in Korea and Europe for trapezoidal metal roof PV mounting systems. The heightening Solar Tin Roof L foot hook advantage for solar panel heat dissipation, because the solar panel is held higher. Trapezoidal metal roofing is the type of corrugated plate commonly Used on roofs of many buildings at present.

Metal Roof Solar Panel Mount Tripod Angle Aluminum It can be installed on metal roof clamp or penetrate into concrete. Highly pre-assembly, easy installation Perfect also for small systems of 1,2,4 or 8 modules, Fixed angle, adjustable angle both available.. Highly pre-assembly, easy installation; Fixed angle, adjustable angle both available
