Energy-storage.news: How are you approaching the market?. Adam Hancock, Director UK & Europe, Enershare: "Our preference is probably utility-scale first, because the bigger systems work in exactly the same way as the smaller systems, but the bigger the system the lower the price per kWh. So as we build our reputation in the UK, probably utility-scale, ...

Ett Expansion AB is one of more than 20 different entities within the Northvolt Group. The manufacturer said that "the application for bankruptcy does not relate to any of the other legal entities in the wider Northvolt Group." However, most of Northvolt's operations have already suffered massive cost-cutting since summer 2024.
