Easun Power specializes in solar inverters and energy storage, committed to bringing green energy to the world. Find your sustainable power solutions with us! ... Easun Power 11KW Solar Inverter 150A MPPT Solar Charge Controller Built -in ...

Power up your solar system efficiently with the Easun MPPT Solar Charge Controller. This intelligent controller adapts to various battery setups, delivering optimal performance and protection. Easun 80A 100A MPPT Solar Charge Controller | 48V Battery Charger

Features: 100% MPPT controller Intelligent Maximum Power Point Tracking technology Built-in DSP controller with high performance Automatic battery voltage detection 12V/24V/36V/48V Three-stage charging optimizes battery performance Multi-function LCD displays Reverse polarity protection of solar panel Overcharge protec

And I have an ea Sun Power 4880 80 amp MTTP solar charge controller. I have the positive post on the first battery feeding a terminal post for positive and the negative post on the last battery feeding a terminal post for negative. I have a 4 gauge wire from the negative terminal post to the steel frame of the bus.

EASUN POWER 60A 80A MPPT Solarladeregler und Solarpanel-Solarladeregler 12V 24V 36V 48V Batterie PV-Eingang 150VOC. Merkmale: 100% MPPT-Regler. ... ICharger MPPT 8048. ICharger MPPT 10048. Lademodus. 3-stufig: Konstantstrom (MPPT), Konstantspannung, Float. Systemspannung. 12/24/36/48/Auto.

? The controller supports high power output, so it is important to choose the correct cable size as required. This helps minimize cable losses and unnecessary risks associated with the cables. ... easun mppt controller: Hi! I have an easun power mppt charge controller and on the bottom it presents a COM port. I tried reaching out to the manufacturer, but it seems they don't even have software supported to monitor that machine. It's an RS485 port and i was wondering if anyone managed to use said port to get any data out of it. Thanks!!
