

SEC NiCad Avantgarde series SEC Industrial Battery

What is the NICAD avantgarde series?

The Nicad Avantgarde series features long, medium and high rate of discharge options allowing you to select the optimum solution for all industrial applications. These robust blocs single cells are built to German standards using a double perforated plate design.

What is a nicacell KP avantgarde?

The NicaCell KP Avantgarde range is crafted using our well-proven pocket plate design, making it perfect for extreme applications. These NiCad cells will do the job when no other product can withstand your temperature, maintenance, deep discharge or lifespan requirements.

What is SEC catvent monobloc technology?

Features SEC CatVent monobloc technology - when only the best will do. The SEC Monocell Solar series is manufactured with innovative module technology to offer an increased efficiency of 16.6%. Effective weak light performance and maximum durability in all conditions make the monocell an outstanding performer with a high energy yield.
