

# Sunpower energy storage

Does SunPower offer a solar & storage solution?

SunPower offers the only solar +storage solution designed and warranted by one company that gives customers control over electricity consumption and resiliency during power outages while providing cost savings to homeowners. For more information, visit [www.sunpower.com](http://www.sunpower.com).

Does SunPower offer a whole-home backup?

SAN JOSE, Calif., March 28, 2022 /PRNewswire /-- SunPower (NASDAQ: SPWR), a leading residential solar technology and energy services provider, announced that its battery storage system, SunVault(TM) Storage, now provides whole-home backup, meaning customers no longer have to sacrifice essentials or comfort during an outage.

Does SunPower have a solar battery system?

SunPower's solar battery system without backup captures and stores any excess solar energy your panels may produce during the day and saves it for use when utility rates are typically most expensive, helping you save money on your electric bill.

How do I Manage my sunvault TM Energy Storage?

Homeowners can manage their SunVault (TM) energy storage with the mySunPower app to see how much energy is available during peak-demand to reserve for an outage or lower energy costs by using stored energy.

Should I install a solar energy system with a sunvault system?

Installing a storage solution like the SunVault system with a solar energy system allows you to maintain a sustained power supply during both day and night, as long as you store enough power from your solar panels when the sun is shining.

Does the SunPower sunvault work with solar panels?

The SunPower SunVault pairs well with solar panel systems, especially if your utility has reduced or removed net metering, introduced time-of-use rates, or instituted demand charges for residential electricity consumers.

SunPower is the number one rated solar company, and with over 37 years of dedicated solar experience, we're the only U.S.-based solar company that's been around longer than our 25-year warranty. We believe clean energy and storage should be accessible to everybody. That's why SunPower designs all-in-one residential solutions backed by personal ...
