

# Thailand energy storage conference

What is the Energy Storage Summit Asia?

Returning for its third edition in 2025, the Energy Storage Summit Asia remains the region's premier networking event for the energy storage industry. Building upon the success of previous years, our summit offers a unique platform for professionals to connect, collaborate, and drive innovation.

How big is ASEAN's Energy Technology event?

It will span an expansive area of over 20,000 sqm, encompassing major national pavilions. ASEAN's premier sustainable energy technology event, covering 25,000 sq.m. Energy solutions under one roof Renewable Energy, Energy Efficiency, and Energy Storage.

How much energy does ASEAN use a year?

Electricity consumption in ASEAN today is around 1,100 terawatt hours (TWh)/year. The 100% renewable energy scenario (2050) to SEA expansion in solar up to 2,400 GW, and a similarly large expansion of battery storage. Reduce energy-related carbon dioxide (CO<sub>2</sub>) emissions by 75% in 2050 compared to current policies.

610 people interested. Rated 3.9 by 24 people. Check out who is attending exhibiting speaking schedule & agenda reviews timing entry ticket fees. 2025 edition of Renewable Energy Asia will be held at Queen Sirikit National Convention Center, Bangkok starting on 02nd July. It is a 3 day event organised by Informa Markets - Thailand and will conclude on 04-Jul-2025.
